EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the CLAIMS:

Claim 1, line 9, "Continuing" has been deleted and ~~continuing~~ has been inserted.

Claim 1, lines 13, 17, 22, "." has been deleted and ~~;~~ has been inserted.

Applicant's election of group I in Paper No. 6 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

This application is in condition for allowance except for the presence of claims 5-7, 32-35 to an invention non-elected without traverse. Accordingly, claims 5-7, 32-35 have been cancelled.

The following is an examiner's statement of reasons for allowance:

it is deemed novel and unobvious over the prior art of record to perform an in-mold coating process as claimed wherein prior to molding the coating, the base work-

Art Unit: 1732

piece is molded using two injection pressures including injecting a thermoplastic material into a mold cavity under high pressure until about 75% of the cavity is filled, and continuing injecting using an injection back pressure that is lower than the injection high pressure, until the cavity is 99% filled, maintaining the material under a hold pressure that is less than the injection back pressure, within a closed mold cavity, and injecting an in-mold coating material onto the surface of the formed thermoplastic material after the surface temperature falls below its melt temperature, to coat a surface of the work-piece, then releasing the clamping pressure, opening the mold and removing the coated work-piece.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.
